THAT MONETARY COMMISSION WILL RECOMMEND ONE IS BELIEVED.

Head of Bankers' Association Advocates Creation of Institution.

Congress Must Meet Situation Caused by the Last Depression.

WASHINGTON, Oct. 5.—The coming Congress must meet a situation born of the panic of 1907, when the issue of clearinghouse certificates was necessary to supply sufficient currency to meet the demands of the business interests of the country.

George M. Reynolds, president of American Bankers' Association, who advocates Central Bank.

than it collects by taxation, it must continue to borrow money by the sale of bonds.

ACCUSES A PEARY. Cook Makes Serious Charges.

Large Store of Supplies Bartered for Commercial Greed, He Says.

Canadian Captain Publishes Letter Written in May by Pole Finder.

OTTAWA (Ont.) Oct. 5.—Capt. Bernier of the Canadian government steamer Arctic, which arrived today, made public a letter written to him by Dr. Frederick A. Cook, May 22, and delivered to Capt. Bernier on September 1, at Upernivik, Greenland. It says:

My Dear Captain: I have to write you the first letter after having been sealed behind ice barriers for two years. It was your supplies, so kindly left in charge of Mr. Whitney, which aided me greatly in getting to Upernivik. All my other property had been taken by Peary, under the guise of a relief station. Murphy, the man in charge of the station, however, was instructed not to engage in any relief work, but to allow Eskimoes to cross and search until March of the following year, 1909. My large store of supplies and my station was used for barter with natives to satisfy Peary's commercial greed.

HAPPY CONTRACT. "Fortunately, we were able to work our problem without relief efforts, except as you offered. We have pushed into the boreal center and picked up the polar prize, but the effort was not without its own rewards."

MISS CLEMENS TO WEDDING. DAUGHTER OF MARK TWAIN TO BE MARRIED TODAY.

Bridegroom Famous Russian Musician Whom She Met While Studying at Vienna and Whom She Married During Severe Illness Last Spring.

NEW YORK, Oct. 5.—[Exclusive Dispatch.] Without bridesmaids or attendants of any sort, and supported only by her aged father, who will give her away, Miss Clara L. Clemens, daughter of Mark Twain, tomorrow will become the bride of Ossip Gabrilowitch, the Russian pianist.

The ceremony will take place at noon at the bride's home at Redding, Conn. A special car for the use of the friends will be attached to one of the morning trains. About two score of the most intimate friends of Miss Clemens and Mr. Gabrilowitch have been invited to the ceremony.

The wedding will take place in the parlor of the bride's home, and the Rev. Dr. Joseph Twitichell will officiate. Dr. Twitichell, who lives at Hartford, Conn., is a lifelong friend of the humorist, he being the original of the character of Harris in Mark Twain's "A Tramp Abroad."

Mr. Gabrilowitch, who has toured the country and Europe, is one of the greatest pianists of the day. It was while studying music in Vienna that he first met Miss Clemens, who also was studying. Miss Clemens herself toured this country, giving musicales last year.

Last spring Mr. Gabrilowitch suffered a long illness. While he lay in bed, Miss Clemens attended him continually, and to her care he attributes his recovery.

WORKERS BURIED ALIVE. SCRANTON (Pa.) Oct. 5.—Fifteen Ontario & Western Railroad track layers were buried in a caving trench at Archbald, late this afternoon. Five bodies have been recovered at 6 o'clock.

CATASTROPHE ON RAIL. TWELVE DEAD, FIFTY INJURED IN WRECK.

FARMER CITY (Ill.) Oct. 5.—Reports from the wreck of the State Fair special and another Illinois Central passenger train, near here at 11 o'clock tonight, state that from twelve to fifteen were killed and nearly fifty injured. The wreck was due to Conductor Duncan and Engineer McCune of the special misreading orders received at Kankakee. Conductor Duncan was rendered unconscious and it was over an hour before he was able to walk to Farmer City to tell the story of the wreck. Four passenger coaches were completely wrecked.

Miss Clara Watson, who is known to have been killed, was the daughter of John Watson, one of the wealthiest land owners in De Witt county. She was in company with her brother-in-law, Thomas Bateman, and his son, Miss Watson was 35 years old.

Among the injured are: Frank McKinley, Farmer City. R. K. Barnes, Farmer City.

TOUCHING. MUTES "CHEER." Afflicted Children Pay Tribute.

President Deeply Impressed by Pathetic Incident at Berkeley.

Visits Bay Cities and Shouts Godspeed to Party Off for Philippines.

Starts Today for Yosemite to Rest Before Coming to Los Angeles.

SAN FRANCISCO, Oct. 5.—After spending the entire forenoon in the cities of Oakland and Berkeley across the bay, President Taft was welcomed to San Francisco this afternoon by a throng which lined the walks in some places ten deep along a line of march extending over nearly three miles of the principal streets.

The school children of this city, of Oakland and Berkeley gave their joyous cheers for the President, and, as in most of the other cities Mr. Taft has visited on this trip, were one of the prominent features of his reception.

Covering three cities and spending three-quarters of an hour on San Francisco Bay, the President had a busy day. As he was crossing from the Oakland mole to San Francisco, the army transport Thomas was setting sail for the Philippine Islands, and by the President's request the revenue cutter McCulloch, on which he was a passenger, was drawn up alongside the big vessel, whose sides were lined with soldiers and families of officers.

SHOUTS GOOD WISHES. On the bridge of the transport, the President, who was accompanied by Mrs. Taft, the children and a large number of friends, stood for some time, waving his hand to the thousands of people who lined the streets and the bay. The President, who was accompanied by Mrs. Taft, the children and a large number of friends, stood for some time, waving his hand to the thousands of people who lined the streets and the bay.

What's Doing Up and Down the Great Pacific Slope States.

NEW BROOM; CLEAN SWEEP.

Police Commissioner Makes Many Changes in Prison Methods.

(ASSOCIATED PRESS NIGHT REPORT.) SPOKANE (Wash.) Oct. 5.—Declaring the methods now used in dealing with city prisoners are disgraceful, Police Commissioner George Armstrong marked his first day in office by ordering hot water, soap, towels and safety razors for all the men in jail, and declaring that in the future any prisoner before being released shall be entitled to "a full stomach, a bath, clean clothes and a shave, to make him feel like a man."

Increased prices are expected this week.

It is not expected that the crop has not been damaged much by the wet weather, but harvesting was interfered with by the rain. More moisture might have been expected to the late beans, which are not protected.

WOMAN AFTER BIG LAWYER.

Widow Who Failed to Get Action from Attorney Troy Wants Him Disbarred.

(BY DIRECT WIRE TO THE TIMES.) WATSONVILLE, Oct. 5.—[Exclusive Dispatch.] Mrs. M. E. Downey, a prominent resident of this city and of Monterey, today forwarded papers to Attorney J. B. McKinstry, chairman of the Grievance Committee of the San Francisco Bar Association, in which she seeks to secure the disbarment of Attorney Robert P. Troy, a prominent San Francisco lawyer and assistant of the late United States Senator Stephen M. White.

Several years ago Mrs. Downey's husband, who was head accountant for the Spreckels Sugar Company, died and left a policy for \$3000 in the Northwestern Life Insurance Company. This company claimed that Downey had not complied with certain sections of his application and refused to pay the policy. Mrs. Downey instituted suit against the company, and alleges that she retained Troy as counsel. She alleges that Troy had secured a retainer of \$75 and also other sums at various times. It is alleged, filed the complaint, that Troy had secured a retainer of \$75 and also other sums at various times. It is alleged, filed the complaint, that Troy had secured a retainer of \$75 and also other sums at various times.

HUGE VEIN OF RICH ORE DEEP IN CLERMONT SHAFT.

(BY DIRECT WIRE TO THE TIMES.)

GOLDFIELD (Nev.) Oct. 5.—[Exclusive Dispatch.] A great glory hole has been opened in the 785-foot level of the Clermont shaft, where a body of high-grade twenty-five feet wide is exposed. It will run clear across the ledge at the rate of \$1000 per ton.

The news has been kept secret for the purpose of verifying the wonderful discovery before allowing reports to gain circulation, and the officers of the company still refrain from making any statement. The lode is described by one of those who have had access to it as a body of ore that makes the famous Hayes Monette glory hole, that furnished one carload valued at more than \$700,000, "look like a 3-cent piece."

The ore differs from the Mohawk high-grade, which was spotted and irregular in color. The Clermont strike resembles a mass of dirty yellow ochre splashed across the whole face of the rock.

Japan, started today for his post in Tokyo, on the steamer Mongolia, after a visit to his old home in Michigan and various other parts of the East.

Transport Arrives.

SEATTLE, Oct. 5.—The transport Sheridan arrived from Manila today with the Twenty-fifth United States Infantry Regiment (colored), nearly 1000 men.

Taft Photographer Released.

PORTLAND (Or.) Oct. 5.—Arthur O. Wright, who was arrested last Sunday night, during the visit of President Taft to this city, while attempting to take a photograph of the President, and upon whose person a revolver was found, pleaded guilty today to the charge of carrying a concealed weapon and was released from custody.

Brings Seal Poachers.

SEATTLE, Oct. 5.—The steamer Humboldt arrived from Alaska today with thirty-five Japanese seal poachers, who have just finished terms of imprisonment at Sitka, and are still prisoners, charged with being unlawfully in the United States. They will be deported to Japan.

Disgrace Wine Point.

SACRAMENTO, Oct. 5.—The Third District Court of Appeals reversed the Superior Court of Madras today, in the case of the people against E. Disgrace, who was convicted on a charge

FIRE FREES BUFFALOES.

Flames Destroy Fences Around Canadian Park in Alberta.

(ASSOCIATED PRESS NIGHT REPORT.) CALGARY (Alberta) Oct. 5.—Word was brought here today that the Canadian buffalo park at Wainwright, Alberta, had been destroyed by the prairie fire which has been burning in that section for a week.

As the fire burned the fence surrounding the park, the herds of buffalo, estimated to number 800 animals, and a large herd of elk, escaped.

The fires in this section have caused a financial loss that will run into the millions.

HUSBAND NAMES HIS CHAUFFEUR.

CASE SHROUDED IN SECRECY DURING TRIAL.

Woman Said to Be the Daughter of Famous English Financier, Accused of Meeting Driver of Her Motor Car in Small New York Hotel.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 5.—[Exclusive Dispatch.] The secrecy of a trial before a referee has been employed during the past two weeks to shield the proceedings for absolute divorce which John F. Degener, Jr., manager for a large mercantile firm at No. 28 Green street, has brought against his wife, Alice Grace Priestley Degener.

Mrs. Degener, who is said to be the daughter of William Edwin Briggs Priestley, a member of the English Parliament and head of the well-known Priestleys, Ltd., of London, has been in her English home during the trial. She was represented by counsel.

Priestley is many times a millionaire. He was Mayor of the city of Bradford, England, for two years, and has held many other high civic offices. He was married in 1882 to the daughter of Joseph Craven, M. P. He had two daughters whom he educated privately at Harrowgate.

Frank Mosler, chauffeur of Greenwich, Ct., is named by Mr. Degener. The wife has denied all accusations and has made a spirited defense. The case is now in the hands of Maurice Diches, the referee. Mrs. Degener asked for no alimony.

The meeting of Degener with the English girl is said to have occurred while he was traveling abroad as the representative of the firm with which he is now associated. The Degeners

SPORTING NEWS. LOCAL AND TELEGRAPHIC.

BIG BALLOONS STILL ALOFT.

Adverse Currents Play With Great Gas Bags.

University City Lands, But Mileage Is Low.

Peoria and Missouri Tied for Special Prize.

(Associated Press Night Report.)

ST. LOUIS, Oct. 20.—Absence of reports tonight as to the whereabouts of the balloons which started in the race of the night reported yesterday, tends to the belief that all with the exception of the University City are still in the air.

The University City, John Berry pilot, landed near Mooreville, twelve miles south of Chillicothe, Mo., late yesterday afternoon.

The winner of the race for balloons of 40,000 cubic feet capacity must be decided by official measurements by the St. Louis Aero Club. The two contenders, Missouri and Peoria, landed within practically the same distance of this city.

The balloon Missouri, Harlow B. Shepherd pilot, landed safely at 8 o'clock this morning at Hibernia, Mo., eight miles east of Jefferson City and 16 miles west of St. Louis.

The Peoria, James Bemis pilot, landed eleven miles northeast of Cairo, Ill., this morning.

Few tidings were received today from the ten balloons. A southerly surface current gave them a line start, taking them across the Mississippi River into Illinois, but when they ascended into higher altitudes they were tossed the river and most of them are believed to be heading over Missouri.

St. Louis III, C. S. L. Von Puhl pilot, was over Glasgow, Mo., 14 miles northwest of St. Louis, this morning.

The Cleveland, J. H. Wade, Jr., pilot, was over Union, Mo., sixty miles southwest of St. Louis.

AMERICAN STILL UP.

MIX MAY WIN CONTEST.

(Associated Press Night Report.)

ST. LOUIS, Oct. 20.—Of the seventeen starters in the international balloon race which began here on Sunday, Edward W. Mix, the American pilot, is the only one who has not reported a landing. It is considered, therefore, that Mix has an excellent chance of being declared winner.

Alfred Le Blanc, the French pilot, whom Mix accompanied in the St. Louis race in 1927, and in which Le Blanc finished second, was over Peoria, Ill., this morning.

Mix was last heard from yesterday in Bohemia, where he dropped a dispatch saying he was traveling to the northeast.

The Belgian pilot, Geris, landed Monday near Huebner, Mo., 14 miles northwest of St. Louis, this morning.

CLOSE GOLF MATCHES.

Britishers Still Unprepared in Annual Championship—Present Title.

Holder Beaten.

Philadelphia, Oct. 20.—Close and one-sided matches were equally numerous today in the first round of match play at the women's annual golf championship. Three of the four British visitors had easy matches so their quality is still unproven.

Miss Vida Llewellyn of Chicago, western champion, narrowly defeated Miss Georgianna Bishop of Bridgeport, 3 up, who won the national title here on the same course five years ago.

Miss Katherine Harley of Fall River, present title holder, was barely beaten by Miss Mary Adams of Boston, eastern champion, 2 up, while Miss Margaret and Harriet Curtis, both former title holders, lost by slight margins.

Miss Grace Temple of St. Louis was beaten by Mrs. E. H. Filler of Merion, 7 up and 6 to play.

One of the best matches of the day was that between Miss Anita Phillips of Springfield, Mass., and Mrs. Charles P. Stout, Apawamis, which was won by the latter, 4 up and 3 to go.

Miss Frances Gileson of Merion, former national champion, won 7 up, 4 to go, from Mrs. H. L. C. Roome of Merion.

Miss Frances Gileson of Merion, former national champion, won 7 up, 4 to go, from Mrs. H. L. C. Roome of Merion.

Miss Frances Gileson of Merion, former national champion, won 7 up, 4 to go, from Mrs. H. L. C. Roome of Merion.

Miss Frances Gileson of Merion, former national champion, won 7 up, 4 to go, from Mrs. H. L. C. Roome of Merion.

PARIS PRESS IS ALARMED BY SPAIN'S LATEST MOVE.

(Associated Press Night Report.)

PARIS, Oct. 20.—The preparations for the assassination of the Marquis de Muni, the Spanish Ambassador, as a means of forcing the government to abandon its repressive measures in Catalonia.

The Spanish Ambassador denied today that Spain had changed her intention in Morocco. He declared Spain was seeking only to pacify the country around Melilla and that she had 50,000 troops in Morocco in view of 75,000.

La Liberté publishes a dispatch from Madrid saying Spain is preparing a note to the powers explaining the necessity of extending her operations against the Rif. The correspondent adds that 10,000 men have been concentrated at Ceuta for the march to Tetuan.

GET REINFORCEMENTS.

(Associated Press Night Report.)

MADRID, Oct. 20.—The Imperial today confirms the report that the Moroccan army has received numerous reinforcements from the Beni-Hurriague and Beni-Abi tribes. Rif to the number of 10,000 are now intruding themselves on the heights surrounding Tetuan.

ACCUSES DEADLY

Foxes were trapped, and secured in sacks and barrels in our folding canvas tent. The kitchen den was built and the winter fire passed. We had not a morsel of dried food, not even salt devils as soon as the sun of 1906 rose on the hills of North Devon, we set for Annotook in February, 1907, drying dried muskox meat as foot melted trails led us for expediency on sledges. Deep snow, bad fog, water and continued storms made return slow and arduous. We reached Annotook after a run of hard ice.

"We were told by the university, only to find that Peary's had misused our station with equipments, under the protection Mr. Whitney. We enjoyed good times all time."

DR. COOK DENIES PRESS REPORTS

(ASSOCIATED PRESS NIGHT REPORT)
COPENHAGEN, Oct. 5.—Prof. Dr. Cook, who is now at the rector of the university here, received today a cablegram from Dr. Frederick A. Cook:

"The press reports are incorrect records will show you to first."

(Signed) FREDERICK A. COOK

Dr. Cook's cablegram to Prof. Dr. Cook has created an excellent impression throughout Denmark. The Danish newspapers have been very kind about the result of the examination of Cook's data, are dissatisfied, however, with his record. They requested the university to keep secret until his records are examined by the geographical societies of the world.

According to a cablegram from Copenhagen, received yesterday, it stated that the university would request the University of Copenhagen to waive its claim to the first expedition of the records of his journey to the North Pole, had caused keen disappointment in Denmark.

"A wrong impression has been given in Denmark as to just what I really said," he said, "and announce that I shall adhere to my final plan to have the Universities of Copenhagen and the geographical societies of my records, but I shall ask that university to withhold the publication of the result of such examination until they have been examined simultaneously by the geographical societies of the world." He added that he had been examined by the University of Copenhagen, duplicate copies of my records, which he had sent to the geographical societies of the world, and to other scientific body desiring them.

NEW YORK CITY TO HONOR DR. COOK

(ASSOCIATED PRESS NIGHT REPORT)
NEW YORK, Oct. 5.—At a meeting of the Board of Aldermen today, a committee was appointed to make arrangements for a public reception in honor of the city's saviors to Dr. Cook in recognition of his Arctic expeditions.

FACTS SOON, SAYS POLE DISCOVERER

(ASSOCIATED PRESS NIGHT REPORT)
PITTSBURGH, Oct. 5.—Visibly affected by the enthusiastic ovation accorded him, Dr. Cook, the Polar explorer, revealed facts after.

"In a short time," he said to newspaper men, "the public is to be given the facts and then there will be no doubt as to who is the first discoverer of the North pole."

FLEET LEAVES HONOLULU

Enlisted Men Make Record for Top Good Conduct During the Stay in Islands.

(ASSOCIATED PRESS NIGHT REPORT)
HONOLULU, Oct. 5.—The armed cruises of the Pacific fleet, headed by the Tennessee, flagship of Rear Admiral Seiber, started this afternoon on the cruise to the Philippines. A stragglers belonging to various cruises, including the battleship Oregon, have been sent to Hawaii. It is believed that several stayaways aboard the steamer Lurline will sail today for San Francisco.

The American flag has been sent to Lurline, en route to Hawaii, and delivery to the naval authorities of the city.

Several of the officers, in interview here, say the men made a record for good conduct during their stay, though no less than 7000 sailors and marines were given shore leave during the stay of the fleet, the only unpleasant incident being recovered by the Sunday, September 28, when a brewery sold great quantities of liquor to the sailors, who were fined and the men are not held responsible for the disturbances of that day.

CONDEMN TREATING.

German Alliance Would Forbid Practice of Men Buying Each Other Liquor.

(ASSOCIATED PRESS NIGHT REPORT)
CINCINNATI, Oct. 5.—The treating habit is rampant and cannot be stamped out and cannot be stamped out, according to a resolution adopted today at the closing session of the National German Alliance.

The alliance would do away with the practice of men buying each other liquor.

Resolutions also were passed favoring a merchant marine and opposing any action against the coast guard, tending to restrict manhood authority. The latter was aimed at a proposed amendment now pending in Maryland.

IDENTIFY WOMAN.

Relatives from Los Angeles Take Her to Commit Suicide.

Mrs. Wallace, Who Attempted to Kill Herself.

SANTA MONICA, Cal., Oct. 5.—The woman who attempted to commit suicide here yesterday afternoon by jumping from the North Beach pier near the hotel where she was staying, this morning as to be able to give her name. She said she was Mrs. W. S. No. 10, and that her residence was at No. 10, eighteenth avenue, Los Angeles. She was troubled by a severe headache, said, for her condition. Relatives came to the beach this morning, identified her at the hospital and took her to the city.

Not being well versed in the proper manner of handling the case, the City Council has passed up to the Police Department the complaint registered by the relatives of the woman, who was Morgan of Ocean avenue. Morgan appealed the Council to protect the small claims that are being taken from the beach by the hundreds of thousands. She urged the passage of an ordinance that the police should investigate such claims as have not yet attained.

A dark, vertical, textured strip, possibly a book binding or a piece of fabric, with a small, dark, irregular shape near the bottom.

DEPLORES DEVASTATION.

English Educator Talks to Pupils on
Conservation of Natural Resources
of Country.

Dr. H. B. Armstrong, a distinguished
educator from the University of London,
is a firm and eloquent believer in
the Taft policy of conservation.

Yesterday, in an address to the pupils
of the Los Angeles High School,
he spoke at some length upon the
wonderful natural resources of the
United States and the reckless man-
ner in which they have in the past
been wasted.

"England," said he, "has learned her
lesson too late. America has yet time
to save for the future."

Dr. Armstrong has been in America
to deliver a course of lectures at
the University of Chicago and Urbana
University of Illinois.

WOMAN RULES.

ALL THINGS
ARE READY.

METHODIST WOMEN OF NATION
HAVE ARRIVED.

Convention Will Open This Morning
With Admirable Surroundings.
Rest Rooms and Other Conveniences
Are Equipped for the Comfort of
the Delegates.

The officers and main body of dele-
gates to the national convention of
the Woman's Home Missionary Society
of the Methodist Church arrived on
a special train last night. Everything
is in readiness for the opening of
the convention this morning at 9
o'clock.

The First Methodist Church, where
the sessions will be held, is an ideal
convention place. Rooms have been
set aside for postoffice baggage room,
writing room, committee rooms and
rest rooms. The place was a hive of
activity last night, when the dele-
gates were being assigned to their
hotels.

The landing leading to the gallery
from the corner entrance to the
church has been fitted up with tele-
phones and tables, and will be used
as information headquarters during
the convention. Mrs. S. M. Kiser is
in charge, with a corps of assistants.

Particular attention has been given
to the equipment of the rest rooms
by Mrs. S. P. Munford. Easy chairs
and couches have been placed in re-
tired places where they will be avail-
able to the delegates at all times.

A notable improvement to the build-
ing, especially during convention time,
are the two new exits. One leading
from the Sunday-school room to Sixth
street admits of the ingress and egress
to that part of the building without
passing through the main Sixth-street
entrance. The other, even more ad-
mirable, admits of the emptying of the
galleries by means of a wide iron
stairway on the north side of the
building. The serious defect to the
building, which formerly created a seri-
ous jam at the Sixth-street entrance,
has been corrected at a cost of \$1400,
sufficient to build a fair-sized church,
and the improvements occasion much
favorable comment.

The main auditorium has been hand-
somely decorated with flowers and
ferns, and will present a bright ap-
pearance at the opening of the con-
vention this morning.

The business sessions today will be
in the nature of a getting ready, such
as organization, appointment of com-
mittees, reports of the president and
other officers. Tonight the delegates
will be formally welcomed to the city.
Addresses will be delivered by Mayor
Alexander, Dr. Charles Edward Loring
and Mrs. P. H. Bodkin, and there will
be response by Mrs. C. W. Bickley of
Philadelphia. There will be music by
the Philharmonia. Mrs. Della L.
Williams of Delaware, O., correspond-
ing secretary, will submit her annual
report.

ROMANCE BEHIND THE SCENES.

Former Los Angeles Girl and Her Ac-
tor Sweetheart Are Married
in Boston.

[ASSOCIATED PRESS NIGHT REPORT.]
BOSTON, Oct. 5.—[Exclusive Dis-
patch.] Ernest Baxter, who is ap-
pearing at the Park Theater in "A
Gentleman from Mississippi," and Miss
Dorothy Virginia Lee of Los Angeles,
Cal., were married today in this city.
They both formerly lived in Vicksburg,
Miss. The marriage was the outcome
of a friendship begun in their school
days in Vicksburg, where Ernest Baxter
saved little Virginia Lee from drown-
ing.

While Mr. Baxter was playing in
"A Gentleman from Mississippi" in
Chicago last summer, he and Miss Lee
met for the first time in several years.
They received informally today and
bought the company a reception in
their honor at Hotel Brewster after the
play.

Notice on the Sulphur Mines of the Vanua Lava (Island Banks).

These sulphur deposits, of volcanic ori-
gin, are situated in Vanua Lava, one of
the islands of the Banks Archipelago in the
north of the New Hebrides.

Both Archipelago and Vanua Lava are under
control of French and English Powers.
Latitude: 13 deg. 43 min. South.
Longitude: 168 deg. 43 min. East.

NATURE OF THE ORE.
Looking from the steamer, coming West
to the anchorage, in Revena Bay, a big
smoke appears in the middle of the fore-
cast on the top of the mountain. There
is volcanic sulphur, "Bollare," mother of
the sulphur deposit.

Reaching the Sulphur, there are plenty
of cone-shaped heaps of pure crystal-
lized sulphur meters high, which are in
constant formation by condensation of
the vapors coming from the earth.

These cones, becoming too high, break
themselves into pieces and mixed with
the residues of the country rock, which is
a trachyte, give a peculiar kind of
gray soil, very fine in substance.

There are two kinds of sulphur ore,
viz.:
Crystalline Sulphur, forming the
actual cones. To be shovelled, sent on
board and sold without any other treat-
ment; 25 p. 100 purity.

2. The gray earth, rich in sulphur,
forming a 6 in. thick layer on the top of
only a liquidation (raw material) with
wood on the spot.

TITLE OF PROPERTY.
The right to exploit the deposits is in
force till the complete exhaustion of the
sulphur.

The area acquired, covering the total
of the Sulphur, is about 2700 acres.
Besides this, the Société des
Sulfures de Vanua Lava, dispose of
right away from the Société des
Sulfures de Vanua Lava, the wire rope
protected between the Sulphur and the
harbor. Area of passage, 20 acres.

For the construction of a wharf to
deep water, admitting the steamers and
ships of high tonnage, a property (Ter-
ritorial) has been acquired.

REPORTS AND ORE IN SIGHT.
The sulphur has been visited and re-
ported upon by D. Levat, M. E. A. M. E.
It has been recommended to place
more than 50,000 metric tons of pure
sulphur, taking account of a part only
of the cones.

Regarding the sulphur mixed with the
residues of the country rock, it covers
the greatest part of the area of the
Sulphur. The only work wanted is shov-
elling and packing in sacks.

It is a conservative provision to add
that the total quantity of sulphur is
10,000 tons of cone-sulphur and 10,000
tons of liquid sulphur from the sul-
phur.

COST OF PRODUCTION.
Owing to the exceptional conditions of
the deposits, the cost of production will
be exceedingly low. According to the
figures of the engineers, the sulphur pro-
duced by the cones will cost f. o. b. at
the wharves less than 2 shillings per
metric ton, or less than 10 cents.

At the present rate of freight, insur-
ance, commission, general costs, etc.,
added to the price of production, the
margin of profit upon a metric ton of
Vanua Lava sulphur is at least \$2.00
and, for a production of 50,000 tons per
year, yields a total profit of \$1,000,000.

INSTALLATIONS TO BE FORSEEN.
It is sufficient to put the Vanua-Lava
sulphur in sacks, or in a motor cable
4.000 meters long, ending
in a rock in deep water and sheltered
in the port of Revena.

All the exploitation works will be made
by open.

AUCTION.

The sale, by public auction, before Mr.
Grout, Notary in Paris, will take place
on Wednesday, December 15th, 1909, at
the Palais of Justice.

Plans, drawings and reports can be
consulted or asked for at the following
addresses:

Mr. Grout, Notary, 3, Boulevard St.-
Martin, Paris (France), or Mr. D. Levat,
M. E. A. M. E., 174, Boulevard Malesherbes,
Paris (France). Inquiries and correspondence
invited.

COMPANY, of Phoenix, Arizona, to an
amount not exceeding \$500.00, all same
being interest coupons to accompany the
bonds.

Any holder of such bonds desiring to
dispose of same will please submit offer
in writing not later than October 15,
1909, at 4 p. m., stating the number of
bonds offered and the price asked.

TITLE INSURANCE & TRUST CO.,
By THEO. A. SIMPSON,
Asst. Trust Officer.

THE PUBLIC SERVICE In the Courts and Offices.

SUMMARY OF THE DAY.

The City Attorney asked the town of Madera to assist the town of Madera in its fight over a municipal competitive water system in order to adjudicate the questions that would affect municipal competition with the power and other public service companies of Los Angeles.

The city was yesterday offered the "Lucky" Baldwin property on Spring street, near Franklin, for a city hall site, for \$175,000.

Judge James yesterday affirmed the doctrine that franchises are taxable under the laws of California. He did this in the case in which the Western Union Oil Company and the city and county of Los Angeles were concerned.

Jack La Grange, a petty larceny thief from Long Beach, escaped from the juvenile court room yesterday, pending sentence for stealing a woman's hat. Officers are looking for him.

Twelve complaints are being heard in Judge Houser's court, involving the alleged fraudulent sale of desert land near Victorville, San Bernardino county.

An action was brought in the Superior Court yesterday to establish the identity of "William Probasco," son of Abraham Probasco, to whom the executors of the estate of Theodore P. Bunnell desire to pay \$6000.

F. M. Hart, a former "man about town," was held to answer on a charge of having passed a fictitious check for \$125, by Justice Williams yesterday.

Charges of making a living for a whole family by claiming to own neighbors' houses in the process of construction, and thereby getting groceries, were filed against Earl Graves yesterday.

AT THE CITY HALL.

CITY TO AID IN MADERA CASE.

QUESTION OF MUNICIPAL COMPETITION IS INVOLVED.

Council Authorized the City Attorney to Assist Defense in Injunction Suit That May Make Law for the Owens River Power Use—Pomona Telephone Suit.

Because the adjudication of a suit between the town of Madera and the Madera Waterworks Company, in the Federal court, may jeopardize the plans of the city in reference to the use of the Owens River power within the corporate limits of Los Angeles, and other municipalities, City Attorney Hewitt yesterday asked permission of the Council to appear in behalf of the defendants and file briefs in the case.

He holds that, if the contention of the water company are sustained, Los Angeles may be practically powerless to enter competition with the local power and light companies.

In his request to the Council he says: "An action has been brought and is now pending in the Circuit Court of the United States, Ninth Circuit District Southern California, wherein a corporation, known as the Madera Waterworks Company, seeks to enjoin the city of Madera and its officers from applying the proceeds of the sale of certain municipal bonds of Madera for the purpose of constructing and equipping a municipal system of waterworks."

The Madera waterworks, as appears from its bill of complaint, are owned and operated by a private corporation, and the city of Madera, under the Constitution and laws of the State, when a private corporation owns and operates a water system, is a municipal corporation, such municipal corporation has no power to contract or operate a public water system in competition therewith.

"So far as this suit affects waterworks only, it is not of any direct or immediate concern to the city of Los Angeles, but the same rights claimed by the water company in this case are also open to gas, electric, telephone and electric lighting companies, and if the contentions of the Madera Water Company are sustained by the Federal courts, such companies would equally inure to the benefit of companies furnishing gas and electric light to cities and their inhabitants."

By reason of these facts, which affect municipalities generally in this State, I deem it to be of great importance that the powers of cities in the matter of operating lighting and water systems be adjudicated."

Madera is the county seat of Madera county.

The Council granted the authority and also gave the City Attorney authority to the City Attorney to make a similar appearance in the suit of the city of Pomona against the Sunset Telephone and Telegraph Company, in which the adjudication of the lower courts and of the District Court of Appeals sustained the contention that the company is not required to renew its franchise when it terminates, but has a vested right in the franchise under the State laws, without intervention or control by municipal authority.

This decision would apply to all telephone and telegraph companies in the city prior to 1934, and would lose the city not only its power of regulation, but the 2 per cent. tax upon its revenues for the use of the streets. The City Attorney was granted authority to use his official capacity in the appeal of the case to the Supreme Court of the United States.

SENT TO SAN PEDRO.

CHANGE FOR NICK QUIEROLO.

The grinning skeleton of the Mayor's attempt to remove the Civil Service Commission, tangled before the recall Board of Health for a minute yesterday afternoon. The commission reported the dismissal of E. W. Hotchkiss for insubordination on charges preferred by the board.

"I move we thank the commission for giving us a square deal," said Dr. Chambers. "I think it due them."

"We couldn't expect anything but a square deal," said Dr. Gibbons, the strenuous member.

The Mayor protested and suggested that a letter of thanks for prompt action would do. And this suggestion carried.

Then the board decided to not recommend the ordinance creating a District Nursing Commission and declaring the present system satisfactory, answered the Housing Commission's request that the board turn over some of its work to a rehabilitated Housing Commission, which is to come out of a new ordinance and turned its attention to things political.

Running a military inspector to help Dr. Weiden, assistant health officer of San Pedro, the board thought of everybody first and then remembered occasionally of course, Nick Quiero, it was decided that Nick, who is said

to have magical power among the sailors in races, must inspect sanitation in the harbor region.

Remembering that George Hood, former chief milk inspector, was also supposed to have hypnotic power in politics, the commission decided that the motorcycle he rides for the city or buy a horse and buggy, like some other inspectors, is costing too much money for repairs.

TRICKY JAPS.

SHRINKING BERRY BOXES.

That the crafty Japs, who industriously cultivate berries for the Los Angeles market, has been gradually learning some American lessons was disclosed yesterday when J. F. Spalding, secretary of the Retail Grocers' Association, exhibited three berry boxes of the Japanese and blackberries.

Spalding explained that a strawberry box ought to be large enough to hold three-quarters of a pound and he exhibited such a box.

"Since the Japs have got busy," said he, "the size of the box has dwindled, and he pulled a smaller box out of the full-sized one."

"And as that did not satisfy them they have now brought in Mayas, still smaller ones," he added, and he took the smallest out of the second box.

The difference was so great that the Council did not hesitate to ask the City Attorney to prepare an ordinance requiring strawberry and blackberry boxes to be sold in boxes holding three-fourths of a pound. Raspberries are sold in a smaller box, because they are more compact, Spalding said.

WIDEMAN SAT.

IS ALSO SAT ON.

Wallace W. Wideman, attorney, withered under the glare of the Mayor's last night when his Recall Honor ordered him to sit down.

Wideman was defending W. J. McMillan, who is accused of violating the law at his cafe, the Venice, 8478 Maple avenue. He asked a continuance, as McMillan had only received his citation yesterday afternoon.

"I don't think it will take long to try the case," said the Mayor. "I don't suppose it will if the commission has already made up its mind," said Wideman.

"Take your seat, sit down!" said Uncle Alcock. Wideman stood still.

"Take your seat, sit down!" said the Mayor, fiercely.

Wideman sat down, and the commission gave him until tomorrow night to get his defense ready.

That may be his last, as Commissioner John Topham visited the cafe Sunday night and bought real liquor without a meal, and is prepared to tell the commission what he found and what he saw.

McMillan is accused of selling liquor without a license and of having immoral persons in his place. His "trial" is expected to be a mere formality.

INDUSTRIAL DISTRICTS.

COUNCIL CALLS CONFERENCE.

In considering its revision of the laws governing residence and industrial districts, the Council yesterday called to its aid committees from the Chamber of Commerce and Merchants' and Manufacturers' Association, for a conference in the Council chamber tomorrow afternoon, at 4 o'clock.

The committee, composed of Blanchard, Healy, Wallace, Dromgold and Yonkin. Each organization is asked to send three members.

All pending applications for industrial and residence districts were referred to the conference. A question, which included one block of industrial district, was referred to the committee.

The committee is asked to report on the matter of policy, but of law, is involved in this protest. The petitioner claims a majority based on the inside lines of the city.

The committee is asked to report on the matter of policy, but of law, is involved in this protest. The petitioner claims a majority based on the inside lines of the city.

The committee is asked to report on the matter of policy, but of law, is involved in this protest. The petitioner claims a majority based on the inside lines of the city.

with protests. The recommendation was referred to the City Attorney.

Ask City to Defend.

Property owners of East San Pedro who were granted fifty-year franchises to land holdings, which the Salt Lake Railroad is contesting in the courts, yesterday asked the Council to direct the City Attorney to make a defense for them, as they pay an annual rental on the land. They say San Pedro's City Attorney was in the case before consolidation and that one of the promises of Los Angeles was to protect the rights of all citizens of the harbor region. The case comes up on the 15th inst. The request was referred to the City Attorney.

AT THE COURTHOUSE.

HOLDS FOR TAX ON FRANCHISES.

TWO SUITS ARE DECIDED INVOLVING LIABILITY.

In One Western Union Oil Company Brought Action Against the County for Sum Paid Under Protest. In Other the City Sued for Amount Unpaid.

The doctrine that the franchisees of corporations are liable for taxation under the laws of California was upheld in two decisions handed down by Judge James yesterday.

In both cases the Western Union Oil Company was affected. In one action that corporation brought suit against the county of Los Angeles to recover \$110,722, paid in the shape of taxes on the franchise of the company. This franchise had been valued at \$1,474,000 by the late Dan W. Ward, County Assessor. The finding was for the defendant. The money had been paid under protest and the Board of Supervisors had refused to refund the tax so paid.

In the second action the city of Los Angeles brought suit against the Western Union Oil Company to compel it to pay \$123,553, on the franchise value of \$1,474,000, for tax of 1937, and the finding was for the plaintiff.

These cases were argued at length before Judge James just previous to the summer vacation, and a mass of business was crowded in an attempt to show that there are no more corporations doing business in Los Angeles city and county that have not been compelled to pay a tax on their right to do so.

IS FOUND INSANE.

JURY PASSES ON DARLING.

A jury with ten minutes' deliberation yesterday found C. B. Miller-Darling of Riverside insane. When he was arraigned some time ago, he said that he was a newspaper man with all the experience in Chicago and New York.

Darling was declared insane by the Jury trial, and he was committed to the county hospital. He was arraigned on a charge of shooting a man living at Whittier and Riverside.

The case was argued at length before Judge James just previous to the summer vacation, and a mass of business was crowded in an attempt to show that there are no more corporations doing business in Los Angeles city and county that have not been compelled to pay a tax on their right to do so.

The case was argued at length before Judge James just previous to the summer vacation, and a mass of business was crowded in an attempt to show that there are no more corporations doing business in Los Angeles city and county that have not been compelled to pay a tax on their right to do so.

and with the plaintiff took steps to contest the will. Cockins did not want a contest, and an agreement was reached by the terms of which the property was to be held in trust, and upon his death must go to Miller and the heirs of his wife.

The Los Angeles property involved embraces two valuable lots on Angeles heights, one lot at Santa Anita Springs, and several lots in Hollywood.

ALLEGED FRAUD.

LOCATORS COMPLAIN.

"He told me that the land would produce all kinds of crops, and that there was plenty of water. Don't pay any attention to the knockers; they are sure men and do not want settlers in this part of the country."

Such was the testimony of Charles R. Edwards, one of the investors in an arid land proposition, in Judge Houser's court yesterday. The style of the case is John S. Sheets against J. J. Osburn, an action to prevent the collection of a number of notes given in part payment of a lease land in the vicinity of Victorville.

There are twelve distinct counts in the complaint, all setting out a trail of various degrees. Judgment aggregating \$3833.25 is asked for against Osburn. The sheets complaint alleges that John S. Sheets, a resident of Los Angeles, whereby the latter agreed to locate Sheets on good government land for \$1.65 per acre. Osburn bought 100 acres for \$152. The land was located in San Bernardino county, and it is alleged that it was worthless and that the statements of Osburn as to its productivity and the supply of water for irrigation.

Osburn avers that he told no untruths in regard to the property; neither did he make any statement that the land had completed surveys to take the water out of the Mojave River.

The names of the complainants and the amounts of land involved are: Jacob W. Page, 100; William J. Hetherington, 250; Charles R. Edwards, 250; J. H. Hamilton, 100. In each of these cases, the amount of land involved is \$100, and gave his note for \$152. The land was located in San Bernardino county, and it is alleged that it was worthless and that the statements of Osburn as to its productivity and the supply of water for irrigation.

Clark. It is expected that he will be in Department Four here this morning.

COMPANY WINS.—In the suit of William Leonard against the Los Angeles Railway Company, for \$3000 damages on account of injuries alleged to have been suffered by being thrown from a car at Main and San Fernando streets August 20, 1937, Judge Crowe yesterday ordered a verdict for the defendant. It was conclusively shown that when Leonard jumped from the car it was in motion.

DAMAGE SUIT.—A jury in Judge Houser's court heard the case brought by Thomas Lawyer against the Los Angeles Pacific Railway for \$1000 damages. On February 17 last Lawyer was struck by a Colegrove car on Santa Monica avenue, and was injured. One of his legs was broken in two places, four ribs were fractured, and he was made a physical wreck, being confined in the County Hospital for more than three months.

MOSTLY TO WIFE.—By the will of Newton T. Kirk, offered for probate yesterday, \$10 each is given to the daughters Lillian E. Armstrong and Jane Electa Barth. All the balance of the estate, estimated to be worth \$5000, goes to the wife, Mary E. Kirk.

ANOTHER POSTPONEMENT.—On motion of W. H. Carlson, the trial of the embezzlement charge against him was postponed yesterday in Judge Crowe's court for two weeks, on account of the continued illness of Juror J. C. Davis. It is a matter of much uncertainty whether the juror will be able to resume his place in the panel.

TO DISSOLVE PARTNERSHIP.—W. D. Hovell and Robert T. Irons brought a suit in the Superior Court yesterday against John R. McLeod for a dissolution of the brokerage partnership of the three men, incorporated in the State of California, in October, 1935. It is alleged that in July last the defendant took exclusive control of the books, papers, receipts, and the concern, and has prevented the plaintiffs securing the same. The prayer of the petition is for a dissolution of the partnership and an accounting.

INCORPORATIONS.—Articles of incorporation were filed yesterday by the Northern Auto Pressure Gauge Company, capital stock \$10,000, incorporators R. J. Northam, L. K. Northam, Walter E. Sanborn, Charles B. Sanborn and Paul W. Schenck, amounting to \$1000; Duroc Orange Grove Company, capital stock \$100,000, incorporators E. A. Bennett, A. B. Hutchinson, F. E. Elliott, L. C. Rice and J. S. Kilian, amounting to \$120,000; Peris Valley Land and Water Company, capital stock \$50,000, incorporators Ida Dunlap, T. L. Good, Mary A. Dunlap, J. N. Dunlap, J. N. Dunlap and L. H. Harris, amounting to \$200; Palos Blancos Land Company, capital stock \$50,000, incorporators W. C. Smith and J. Schmutz, Peter and F. A. Ruenzler and I. F. Hillman, amounting to \$15,000; Angeles Motor Car Company, capital stock \$200, incorporators L. L. Bretnier, Jr., S. N. Dutcher and C. W. McCabe, amounting to \$200.

TRIAL DATE SET.—The trial of the contest involved in the probate of the will of William Riley has been set for December 21. It promises to be one of the most sensational hearings in the recent history of the Los Angeles county courts.

GOES TO SAN QUENTIN.—William Holmes of Long Beach, convicted by a jury in Judge Willis' court of embezzling \$450, the property of Nellie Messenger of that city, was sentenced yesterday to five years in San Quentin. The court told Holmes that he was for the fact that he is a man 60 years of age, he would have given him the limit of the law.

FOR RECOVERY.—The Western Electric Company brought suit against the municipalities of Long Beach in the Superior Court yesterday, to recover \$387.78 paid as taxes April 15 last, claimed as due on the personal property of the plaintiff corporation, valued at \$46,421. Of the original sum, \$12,621, \$14,823 has been repaid. It is alleged that the property is not subject to the jurisdiction of the city authorities.

CHURCH MAY SELL.—Judge Crowe yesterday granted the prayer of the First Baptist Church of Pomona to sell certain real estate owned by the congregation. The money is needed to secure larger quarters elsewhere.

AUTO DAMAGED.—Shelly Tolmear entered a suit in Justice Fier's court yesterday against the Woolwine Motor Car Company to collect \$295.95 alleged to be due on account of damage done to the automobile of the plaintiff by one of the defendant's "seeing Los Angeles" cars, by a collision.

BONE THIEVES SENTENCED.—William Burns and A. C. Hiller were given a ten-day jail sentence by Justice Summerfield yesterday for the theft of a sack of bones. They said they took the bones and sold them for the purpose of getting something to eat. William Basant of Vernon was the complaining witness.

BOTH DISCHARGED.—After hearing the testimony of Edward Webb, complaining witness in the case against T. C. Hickman and R. L. Little, charged with fraud in connection with the sale of mining stock, Justice Summerfield dismissed the complaint yesterday at the request of Deputy District Attorney McCartney. It was considered impossible to convict the men under the testimony.

FAILURE TO PROVIDE.—Harry Webb yesterday gave a \$1000 bond on a charge of failure to provide for a minor child. The examination will be held at 10 o'clock.

*Schools Dismiss Early
Eventful Day.*

Public schools will be dismissed at 11 o'clock on the morning of the 11th inst., so that school children may attend the 11th anniversary parade.

and the President of the parade during the afternoon. The Board of Education yesterday arranged for the protecting of the children in good locations along the route and issued the following open letter to patrons of schools in the Los Angeles City School District:

"It is the hope of the school authorities that every child in school in Los Angeles shall see the President of the United States when he visits Los Angeles on October 11.

"But the physical responsibility for transporting and care of so many innocent children, in the midst of a

great crowd, is a burden which it is neither wise nor desirable for the teachers to assume. Instead, we beg to invite the cooperation of parents and the public at large in carrying out the following plan:

PLAN OUTLINED

"As the parade starts from the Armory Depot at 1 o'clock p.m., all schools will be dismissed at 11 o'clock a.m. in order to allow time for lunch and to get into position along the route of march.

principals and teachers will accompany such children as may remain to with them, but parents should instruct their children to return home when school is dismissed, and, if unable, should themselves accompany them to the place where their school assembles along the line of march.

School children will form lines on the sidewalks of Hill street, south from the High School to Temple street, and east of Temple street to Broadway, and south on Broadway as far as their parents may reach.

The following schools will be stations:

Avenue Sixty-two, Avenue Fifty-
one, Loreto street, Avenue Thirty-five,
Avenue Twenty-three, Avenue Twenty-
one, Prichard street, Rose Hill, Gates
street, Griffin avenue, Marengo
square, Avenue Nineteen, Solano ave-
nue, Castelar street, Ann street, Macy

Utah street, Amelia street,
Hewitt street, Second
street, Broad street, First street, Euclid
avenue, Cornwell street, Bridge
street, Alpine street, California street,
Foster avenue, Temple street, Casco
street, Union avenue, Logan street,

The children of all other elementary schools will be massed in an unbroken line on Adams street, between Figueroa and San Pedro streets.

OTHER SCHOOLS.

"As the line of march will pass the

Angelo and Polytechnic High schools, the students of these schools will form in their own yards, as their principals may arrange. The Olive Street High School will form on the north end of the line of children, between First and Temple, on Broadway.

... High School will join the
... High School. The schools
... former San Pedro, Wilmington,
... and Dominguez districts will
... on Pacific avenue, San Pedro.
... Assistant Superintendent Karr may
...

Rev. James Allen Geissinger,
new pastor of the University M. E. Church.

ACTIVE CAREER.

Ministerial Work of New Pastor for
Los Angeles Church—He Comes
Here from Phoenix, Ariz.

Announcement has just been made
by Bishop Edwin Hughes of the
transfer of Rev. James Allen Geissinger
from Phoenix to Los Angeles.

Dr. Geissinger had the Phoenix
charge for two years, going from El
Paso, Tex. He has been notably active
in his work, building up the congrega-
tion, which now is the largest of
the denomination in the two Territo-
ries. He has been especially inter-
ested in providing for the care and
treatment of healthseekers, who often
come to the Southwest daily.

He later returned from the East,
where he secured assurance of liberal
support for a consumptive colony to
be established near the foothills north
of Phoenix, to be named "Bethesda."
It is announced, will still have the
assistance of its founder, though he
will not be able to undertake its
actual management.

Dr. Geissinger was born in Wayne
county, Ohio. His education was
started in the public schools of
Columbus, O., and continued in the
Western University and Ohio State
University, with post graduate work
in economics in the University of
Cincinnati. He was a local preacher at
the age of 18, but began his regular
pastoral work at the age of 22, in
Cincinnati, thereafter taking up
several Ohio churches before coming to
Phoenix, Ariz. He is married and
has two children. He has more than
local reputation as a pulpit orator and
has done much literary work for
popular and church publications.

"PARACHUTE" TRAIL.

OFFICERS DROP
IN ON GAME.

GREAT JOKE IS PERPETRATED ON
GAMBLERS.

Rope and Ladder Are Used to Enter
by Roof Route—Thousands of
Lottery Tickets With Pads, Ink
Brushes and Ah Lee's Flashlight
Taken to Station as Evidence.

In the middle of a Chinatown block,
at the end of a regular labyrinth of
a passage made still more secure by
four heavily barred doors, Ah Quong
and Ah Lee, his lookout, imagined
themselves in perfect security last
night, and proceeded to conduct their
lottery drawing. Richard Longley, J.
Burns, C. O. Shaw, H. Lemestre and
K. C. Akridge were the deeply in-
terested witnesses.

"Hello, boys, we just dropped in
on a parachute," sang out Secretary
O. H. May of the chief's office, with
Sergeant Sebastian and Patrolman Pauts
at his heels.

The consternation of the gamblers
was equalled only by their inability
to understand how the thing had been
done. Ah Lee was still between the
two outer doors, in a darkness so
dense that he must carry an electric
flashlight in order to be able to open
the various bars and lock combinations
on several doors.

Provided with a stout rope and a
ladder the officers had walked almost
entirely across the block. They bridged
over the dark alley with the ladder,
and when near the inner end of the
corridor leading to the lottery shop
they tied the rope to a chimney and
slid down through a hatchway.

Several thousand lottery tickets,
pads, ink, brushes and Ah Lee's flash-
light were taken to the police station
for evidence.

The Chinese were released under \$200
bail each, and those of the others who
could put up \$10 were let go until
morning, when they were to appear
in the police court.

Charles Sopp Dies After Brief Illness
and His Funeral Will Be Held
This Afternoon.

Charles Sopp, who had been a resident
of this city for the past fifteen
years, died at an early hour yesterday
morning, at the home of his son,
George, No. 1421 Crown Hill avenue,
aged 71 years.

YOUNG SLEUTHS
GET REWARD.

MINUTIVE YOUNGSTERS PRE-
VENT THEFT OF WHEEL.

Police Sergeant Listens to Tale of
Thrilling Exploit With a Straight
Face and Gives the Boys a Nickel.
Give Names as Frankie and Fred-
erie Gill.

Frankie Gill, aged 8, and his 8-year-
old brother, Frederie, made a record
yesterday afternoon, when they ap-
peared at police headquarters, as prob-
ably the youngest detectives ever
heard of. Frankie was in charge of
the expedition, by virtue of his senior-
ity and larger size.

"Here's a wheel what was stolen,"
piped a small voice from somewhere
under the desk. Desk Sergeant Mc-
Kenzie leaned away over and saw two
diminutive boys trundling a wheel so
large that it took their combined ef-
forts to hold it steady.

"Where did you get that wheel, and
how do you know it was stolen?"
asked the sergeant.

"We was walking along Figueroa
street with a boy what goes in the
same class with us at the Fremont
School—his 11 years old, going on 12,
and he's bigger than we is—an 'un' we
saw this 'ere wheel, in the alley
near Third street, he started in to take
it. I told him he'd better not take it,
but he wouldn't mind me, and then I
asked him to let me ride it, and I took
it down here, and here it is."

Frankie proudly threw out his chest,
as he related the exploit.

"Who is the boy and what is his
name?" asked the sergeant, trying
hard not to laugh—he has a young son
of his own.

"The bike was looked as 'found,'
and the young detectives left the stor-
age highly elated over the conscious-
ness of duty well done, and the 'feel-
ing of a big nickel in their little fist."

WAITING GAMES.

FRAUD CASES
ARE EXPENSIVE.

MANY PEOPLE ARE SUMMONED
AS WITNESSES.

Each Gets Three Dollars Per Day
for Attendance at Court and Those
from a Distance as Much More for
Hotel Bills and the Like—Chester
Club Flourishes.

Sitting solemnly about the corridors
of the fourth-floor of the Tajo build-
ing, playing pinochle and checkers in
the ante rooms, reading novels and
papers, 180 persons called to the United
States District Court, in a court
room, and from there, while away
time waiting to be called to the wit-
ness stand.

The case is one of the costliest of
many years. Each witness is paid \$2
a day for attendance at court. With
the exception of a few, all of the 180
persons subpoenaed, have thus far
been in attendance every day during
the ten days of trial.

The jurymen are paid \$2 a day, so
that the case costs about \$400 a day,
not that includes the expenses of the
court and the salaries of several
officials.

The corridors present a peculiar ap-
pearance, however, and the witnesses
attract more interest than the case.
Yesterday there were possibly after
noon, in the courtroom and eight
times that number outside in the
halls.

In addition to the fees for court at-
tendance, every witness from outside
the city is allowed 5 cents a mile for
his journey to and from his home to
the courtroom. This mileage is only
allowed for one trip, beginning with
the coming to court on the first day
of trial and extending to the court
at the end of the trial. To make up for
the hotel bills, etc., outside witnesses
are paid \$15 a day, during the entire
case, Sunday included.

Thus far in the case there have been
four witnesses called to the stand and
to have been residents of this city,
so that the expense in the witness line
has as yet been but little diminished.

At the rate of \$400 a day the cost of
the trial will range up in the thou-
sands before the jury returns a ver-
dict.

The witness meantime are amusing
themselves as well as they can. Some
hold long political debates. A good
many discuss the question of the re-
discovery of the North Pole, each
day. They draw lots to see who will
vote for Feary and who for Cook, and
generally the Peary advocates are
compelled to swallow their arguments
the following day and argue lustily
for Cook.

There has been a little checker
club formed and the members play
every day so that they may not
lose the championship before they are
called to the witness stand. No man
knows when he may have to stop in
the middle of an interesting game and
go into court.

The first interesting evidence of the
trial was taken yesterday, N. G. Sten-
sens, a deputy in the United States
Land Office, was on the stand all the
morning identifying records and vari-
ous documents in the case.

trial was taken yesterday, N. G. Sten-
sens, a deputy in the United States
Land Office, was on the stand all the
morning identifying records and vari-
ous documents in the case.

FEUD SETTLED.

(Continued From First Page.)

be an awful thing to do, and with
various other incidents. Mr. Lum-
mis made against Dr. Palmer
the yet more appalling accusa-
tion that Dr. Palmer doesn't really
understand Indians.

Completely bewildered, the directors
of the Southwest Museum and the sis-
tematic department of the Southwest
Society, held a council of war and de-
cided to appoint a board of arbitra-
tors.

One society appointed J. O. Koepff
and Joseph Scott; the other W. Pat-
erson and M. H. Newmark. These
four chose Gen. Chaffee as the fifth
arbitrator.

Although the proceedings of this
board were not open to the public,
it appears that Dr. Palmer came be-
fore the board and stated his evi-
dence against Lummis and that Lum-
mis appeared in his own defense.

From a report sent yesterday to the
members of the Southwest Society, it
seems that Palmer's detailed accusa-
tions were as follows:

"Charles F. Lummis is unfit to per-
form the duties pertaining to the office
he holds in the Southwest Society,
and in the Southwest Museum, for
reasons specified in the charges ap-
pended hereto, to wit:

"The said Lummis has sought, and
still seeks, to destroy the reputation
and humiliate P. M. Palmer, curator
and explorer."

"He deliberately makes additions
omissions and suppressions in his
minutes of the Executive Committee.
His official reports on cash ex-
penditures are full of contradictions
and error involving thousands of dollars."

"His official reports on the value
of property owned by the Southwest
Museum are gross exaggerations and
absolutely unreliable."

"He has sought, and still seeks to
dominate the Executive Committee
of the Southwest Society in debi-
litate."

"He has destroyed the plans of the
Curator for making explorations in
the Southwest Museum, and in the
truth of the Museum exhibits and
publications."

"He encourages vandalism and sup-
ports the spoliation of archaeological
remains of the Southwest."

"He is sacrificing the Southwest Mu-
seum by promoting a rival museum in
Santa Fe, N. M."

"He suppressed an official report
made by the curator on his second Ariz-
ona expedition."

The twelfth charge, being the first
one presented by Dr. Palmer, does not
upon its face, show the nature of
the same, but on presentation of his
written and oral argument, it devel-
oped a series of charges of misap-
propriation by Mr. Lummis of cer-
tain moneys of the Southwest Society
for the purpose of the second Arizona
expedition.

The report sent out yesterday to
members contains the verdict of the
board of arbitrators, which is the fol-
lowing: That Dr. Palmer resign
as curator.

The arbitrators find that Palmer's
charges are unfounded and that his
own reports acquit Lummis of the
charge of misappropriation of funds. Hav-
ing completely vindicated Lummis,
the arbitrators thus recommend:

"Judging from the history of Dr.
Palmer's relations to Mr. Lummis, we
feel that in the interests of both or-
ganizations, to wit, the Southwest So-
ciety and the Southwest Museum, that
both men cannot continue to work to-
gether. The duties of the two bodies
are more or less coordinate, and har-
mony should be maintained between
both. We regret very much to state
that we do not anticipate any change
in the attitude of Dr. Palmer and Mr.
Lummis to the detriment of either of
the two to which is no doubt in
our mind as to which would be the
greater loss to the movement to which
both organizations are allied."

In our opinion, Mr. Lummis is an
independent factor in the upbuilding
of the museum and the Southwest So-
ciety, and we feel that the removal of
the museum and the Southwest So-
ciety, Dr. Palmer has shown evidence
of bad judgment in failing to respond
to the request of the committee to
catalogue, even inartificially, the pre-
cious specimens now in the Southwest
Museum, and we regret very much
that he thought it advisable to com-
municate to each one of the hundreds
of members of the Southwest Society,
the nature of the relations of Mr. Lum-
mis before he had that matter pre-
sented to the executive officers of both
organizations."

"In this respect we considered his
conduct as curator to be subject to cen-
sure. We recognize the value of his
services to the cause and the care and
genius he has evidenced in the preser-
vation of the specimens, and therefore
we regret that the severance of his
official relations with the organiza-
tions, and for a definite financial con-
sideration."

"We feel that a mistake was made
in the first place in having the curator,
or any other salaried employee, a mem-
ber of the Executive Committee of the
Southwest Society, and that in the fu-
ture, whoever occupies such posts
should not be on the Executive Com-
mittee, but should be appointed inde-
pendently submitted."

"J. O. KOEPFF,
"ADNA R. CHAFFEE,
"W. C. PATTERSON,
"M. H. NEWMARK."
This report was taken up at a meet-
ing of the Southwest Society Monday
night.

A warm debate, in which Miss
Foy defended Dr. Palmer, both resig-
nations were presented, but not acted
upon. It was thought best to defer
definite action until the atmosphere
was somewhat clearer and calmer.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

METER FIGHT GETS SHARP

New Lighting Ordinance Has First Reading.

Edison Attorney Calls the Hearing a Farce.

Maryland Opens With Night of Merry-making.

PARADISE. The stock of the company is a part of the assets of the firm of Keeler & Co., New York bankers.

AFTERNOON TEA. Mrs. Torrey Everett of St. John avenue gave a small afternoon tea yesterday, complimentary to her house guest, Mrs. Dupont of Wilmington, Del. There were twenty present.

Mr. and Mrs. F. G. Cruikshank, whose marriage occurred September 1, are expected from their wedding journey, and will be at home to their friends at No. 42 East Colorado street, after November 1. While in New York Mr. and Mrs. Cruikshank purchased a handsome Packard touring car.

Mr. and Mrs. Robert A. Rowan have taken the Harry Gray house, on South Grand avenue, and will spend the winter here. They were at Hotel Alexandria last winter.

Mr. and Mrs. Hampton L. Story of Altadena are entertaining Mr. and Mrs. Frank Story of Chicago.

Mrs. J. J. Holder of Bellefontaine street and Mrs. Emily Macy, who have been guests for a few days of Mrs. Caroline Walkley at her summer cottage at Ocean Park, returned yesterday.

PARADISE NOTES. Planning mills must be kept out of the Pasadena district, outlined in the city ordinance adopted by the City Council yesterday: Walnut street on the north, Los Robles on the east; Glen street on the south, and Delacy on the west.

Guy Austin was sent to the County Jail for four months yesterday by Judge George McDonald. Austin had broken his temperance probation three times, and also is guilty of embezzlement by selling sewing machine which did not belong to him.

The monthly report of Miss Nellie M. Kautz library, shows a gain in the circulation of books here; the number used being nearly 13,000 in the month. There are 28,702 volumes in the library.

The North Lincoln Avenue City and County Improvement Society has been authorized to ask the city to secure a large canal for the purpose of the case of Thomas Barlow, who is charged with obtaining money under false pretenses by receiving \$100 for a tonnage and signing an affidavit that it had been placed over the grave when such was not the fact, was continued yesterday until tomorrow morning at 10 o'clock.

The hearing of the controversy over the electric light rate hearing, Constable Harvey H. Baker, vice-president of the residents on hand with protest against paying 1800 signatures to oppose the ordinance.

Residents of the North Side have started a subscription for the installation of bus line.

Dr. John W. Bear, president of the Occidental College, will address the Throp student body at Friday morning chapel.

Harold Ryerson has been elected president of the senior class of the High School. The other officers are: Vice-president, William H. Vassett, secretary, Leo Clark, treasurer, Florence Willard, editor of the High School News, and John H. Vassett, secretary of the student body.

Rev. Dana W. Bartlett, head of the Bethlehem Institute, will deliver a lecture Sunday afternoon at the Lecture Opera-house on "The Experiment of Living."

W. J. Carr was yesterday appointed Assistant City Attorney, succeeding P. S. Honberger, resigned.

Hotel Vista del Arroyo. New annex. Bungalows. Unexceptionable environment. Pictures framed at \$4.00 a picture. See picture for fine wall paper.

POMONA WANTS BIDS. Board of Education Ready to Go Ahead With the Construction of a New Building.

POMONA, Oct. 5.—The local board of education is advertising for bids for the construction of the new school building, to be erected on West Monterey street, from plans prepared by Architect Robert Orr of this city. The bids will be opened on the 15th inst.

The board of education is also advertising for bids for the construction of a new \$20,000 grade school on South Hamilton avenue, which also will be received.

It is the intention to secure fifteen rooms in this new building. The new Polytechnic High School, which will cost \$25,000, will be situated on the present High School building. Architects are now busy with plans for the structure, but it is not expected to be used next year. About \$40,000 will be used in constructing the building, and \$100,000 for furnishing and equipment. Much scientific apparatus is necessary.

Mr. and Mrs. Alfred Reeve will be at home to their friends Friday afternoon and evening, and Saturday afternoon, at their new ranch home on North San Antonio avenue. Mr. and Mrs. Reeve have recently arrived from Owen Sound, Can., where they were married.

Cards have been received here from Hutchinson, Kan., announcing the marriage there of Dr. Frank Cason and Miss Virginia Vaughn, formerly of this city. Dr. and Mrs. Cason will reside at Liberal, Kan.

DREDGE WORKS FULL TIME. Work Is Being Rapidly Pushed on the Minor Fill in the Outer Harbor, San Pedro.

SAN PEDRO, Oct. 5.—The electric dredge Tullia W. Minor started tonight, running full time on the Minor fill in the outer harbor. For several weeks the dredger has been working with one shift.

Some difficulty has been encountered on account of the hard bottom. The dredger began work on what was known years ago as "Tom's" reef, where old-timers say they used to gather shells. The formation is an asphalt shale and special cutters had to be used to loosen the material so that it may be pumped.

Work will be pushed rapidly to complete the east channel a mile south to the thirty-foot contour. This will permit any of the steamers on the coast to come up the dock loaded to their full capacity.

Work is also being rushed on the east side bulkhead so that wharves may be built. Concrete piling is being used exclusively. A railroad track has already been laid over the temporary pier to haul material. About thirty men have been employed since July.

R. H. Minor states that the work for the present will be confined entirely to the east channel.

Minor, George, attorney for the Harbor City Wholesale Company, received a telegram this morning from Frank A. Lange of the Interstate Commerce Commission, saying that the suit for terminal freight rates for San Pedro, might be heard in Los Angeles after the 25th inst. The suit had been set for hearing in San Francisco, before the commissioners there.

LONG BEACH.

DOCTOR PLANS PERFECT RACE.

ORPHANS OF MANY NATIONS IN HIS HAPPY FAMILY.

His Scheme Is to Develop Them Morally and Physically and Then Let Them Internationally—Brutal Assault—Monster Jewish Sets Away from Three Men—Breivik.

LONG BEACH, Oct. 5.—Dr. M. A. Schutz has turned over his sanatorium to Dr. Edward Bailey, and will devote his time to his home for children. Dr. Schutz is collecting orphan children of all nationalities, and will rear them according to ideas of his own. At present he has Japanese, Indian, Mexican, Portuguese and American children, and now proposes to add some Australian and Fiji Islanders to his family. His aim is to develop them physically, morally and mentally, and eventually contemplates creating a new race of perfect people. He has a large home on Signal Hill, where the children are given the best of care by the doctor and Mrs. Schutz.

BRUTAL ASSAULT.

J. S. Westfall, foreman on the Mulholland ranch, northeast of the city, is under bonds to appear and answer to the charge of assault on John H. Buebe, a ranch hand, whom he brutally attacked this morning.

Buebe was employed on a thrasher and was ordered by Westfall to put his blankets under a heavy mop of hair, which he demurred, saying he wanted to air them. Westfall, it is alleged, picked up a short joint of three-inch gas pipe, struck Buebe over the head, telling him: "Then he jumped on the prostrate victim and was pummeling him badly when he was pulled off by other workers. Buebe has an ugly hole in his skull, and if he lives, it will be because he possesses a heavy mop of hair, which checked the force of the blow."

Westfall was arrested by Deputy Constable Baker and taken to the Justice Hall, who placed him under \$1500 bonds to appear for a preliminary hearing.

NO DECISION YET.

No word was received today from the Supreme Court relative to a decision in the Belmont Heights writ of mandamus, which was argued before the full court Monday. Attorney Knight raised the point of the unconstitutionality of the consolidation act. City Attorney Hewitt of Los Angeles presented a brief on behalf of the act. The court took the case under advisement, but promised a decision either today or tomorrow.

MONSTER JEWELRY.

Clarence Owens, searching today for a monster jewelry, which, on Sunday, tore his line and made off with several hundred feet of line and hooks, found the thief, just after it had swallowed a twenty-two-pound halibut on another set line. Three men assisted in the fight to land the monster, but it again parted the line, and then disgorging the halibut, made his escape. The men agree with Owens that the fish will weigh in the neighborhood of 100 pounds.

When Miss Ruth Hibbard cut her finger with a butcher knife at a party last night, Cecil Long, one of the guests attempted to tie up the wound but the sight of blood made him faint. He fell on the porch, struck his head upon a support and was rendered unconscious for some time. The two incidents ended the party.

The organized citizens' Savings Bank will have its quarters in the old banking room of the Bank of Commerce at the corner of First street and Locust avenue.

Through the good offices of Capt. Lucien Young, of the Mare Island Navy Yard, a frequent visitor to Long Beach, the torpedo boats now cruising in this neighborhood will make frequent visits to that local wharf on Saturday and Sunday and receive visitors. The Goldsborough one.

VENICE.

VENICE, Oct. 5.—Preparations are being made for the biggest picnic of the season, that of the Federated State Societies on the 23d inst. There is to be a baby show, with prizes, and a beauty contest. There will be an hour during the afternoon devoted to general entertainment, and the evening will be for everybody to get acquainted. All of the State societies are to be represented, and the rivalry is expected to be keen for the largest delegation from one State.

CLAREMONT.

CLAREMONT, Oct. 5.—One of the biggest real estate deals made in this neighborhood in many years was consummated yesterday by F. E. Harrison of Pomona, who sold the Charlton ranch to I. W. and C. O. Caughman of Pomona; stated consideration, \$50,000.

The Charlton ranch has been owned for twenty years by G. G. Charlton, and is located at the corner of Foot-hill and Indian Hill boulevards. The buyers are orchardists of experience and the grove will now have experienced care.

The Baughman Brothers will erect two handsome residences on the Indian Hill boulevard, and otherwise improve the property.

GLENDALE.

GLENDALE, Oct. 5.—At the meeting held by the voters of the High School district last night to determine what should be done with the old building and site at the corner of Rand boulevard and Fourth street, the City Trustees were instructed to sell the old building and site within ninety days for not less than \$15,000. Today Wood, Tatum & Wood of Los Angeles found a purchaser in E. L. Swain. The sale will net sufficient to pay the balance due Contractor Bias. There still remains about \$2500 to be raised for furniture for the auditorium, electric clocks and other fixtures. This meeting was made necessary because at the recent bond election the voters failed to authorize \$15,000 bonds.

NEW OWNERS TO BUILD HANDSOME RESIDENCES ON INDIAN HILL BOULEVARD AND OTHERWISE IMPROVE.

FOR MORALITY. BRAKES FOR NIMBLE FEET.

City Attorney's Dance Hall
Ordinance Passes.

Referendum Petition Only
Resort of Enemies.

Proposes to Regulate—Heavy
Fine for Violation.

The dance-hall keepers lost their fight against the ordinance regulating their places yesterday, when the Council unanimously passed the measure prepared by City Attorney Hewitt. The only resort they have is an appeal to a referendum petition, which F. E. Solomon intimates will be made. The ordinance had the support of all the moral organizations and will be signed by Mayor Alexander just as soon as it reaches him.

The result was not obtained without a debate lasting over an hour. This was principally on the proposal of some members to separate the portion of the ordinance relating to Sunday closing from the remainder, and pass it as a separate ordinance, so that the moral features would not be involved in the referendum election, if one is demanded. There was also opposition to the ordinance from Lyon, because he feared it would interfere with fraternal and social societies in their dance halls.

But the Council was not disposed to believe the ordinance should be divided or amended. The City Attorney explained every section of it and answered every objection. He said he believed it would not only prove valid in any court, but would have the support of an overwhelming vote at any referendum election.

Lyon at first voted against its passage, but changed his vote and made it unanimous.

It will probably reach the Mayor in a few days and will be effective about the middle of November, unless suspended by a referendum petition. After the dance-hall ordinance was passed, the state providing similar regulations for dancing academies, was passed. The regulations as to academies are not because of any need to control these now in existence, but because it was believed necessary to anticipate the organization of the dance halls as academies to escape the new ordinance. The law affecting academies is less onerous than the one regulating public halls.

THE NEW LAW.
The new law requires that every dance hall must obtain a permit from the Police Commission, which may be revoked whenever the commission is satisfied that the place is conducted in an "illegal, disorderly or improper manner."

A dance hall is defined to be a place maintained for the purpose of dancing and open to the public for such purposes, where a fee is charged, or to which a selection or choice for each separate dance is not made by invitation, writing, and such invitation or ticket shall not be used by more than one.

It forbids any minor, under 18 years of age, from attending or being admitted to any dance hall. A provision that they might be accompanied by a guardian or parent, or might have written consent, was stricken out.

No public dance hall may be open to dancing between midnight on any Sunday and 8 o'clock a.m. on the following Monday, or on any other day between midnight and 8 o'clock a.m. the day following.

So intoxicating liquor may be sold, delivered or given away, nor shall any intoxicated, boisterous or disorderly person be permitted in any hall; nor may moving pictures or stereoscopic pictures be exhibited.

Ilumination is necessary at any hall and must be such as is usual or customary in lighting halls for public assemblies, and the illumination may not be diminished throughout the entire time the dancing is held.

A violation of the ordinance may be punished by a fine of from \$25 to \$100, or by imprisonment from ten to 120 days, and conviction shall automatically nullify the permit of the Police Commission.

EXEMPTIONS.
The section defining the dances and organizations to which the ordinance shall not apply is as follows:

"The provisions of this ordinance shall not apply to any dance or ball given, held or conducted by any bona-fide club, society or association, organized or incorporated for benevolent, charitable, dramatic or literary purposes, having an established membership of persons regularly elected or admitted thereto, and which shall hold meetings, other than such balls or dances, at regularly stated intervals, when the proceeds arising from such ball or dance shall be intended to be used for the promotion of the purposes of such club, society or association; provided, however, that the provisions of this ordinance shall apply to any dance or ball tickets for admission to which are sold or offered for sale to the public generally."

"GUMS" IS TABOONED.
Forestry Society Asks That Eucalypts Be Designated by Right Names. Confusing to Easterners.

The Forestry Society of California and prominent nurserymen of the State have agreed to drop the word "gums" from their eucalyptus vocabulary, and in all future bulletins, catalogues and pamphlets, the word will not appear. Trees will be designated as blue eucalyptus or eucalyptus globulus, and red eucalyptus or eucalyptus rostrata, etc.

The Forestry Society takes the initiative in requesting that the trees be called by their true names. The society has asked the Federal and State Forestry Service to avoid the word in future bulletins issued.

The reason for this stand is that easterners and others to whom the eucalypts are strange trees, have confused them with "red gums," inferior trees growing in the Southern States. The eucalypts are not "gums," but hardwood timber trees of superior quality, and, because of the interest that these wonderful trees are attracting in the East, it will not pay this State to have them cheapened by such vulgar names as "sugar gums" or "blue gums."

NO CLEW TO MURDERER.
The police are now convinced that the only motive for the murder of M. F. Zeigler, who was found dying in a stable at No. 2422 Enterprise street, early Sunday morning, was robbery. They believe the assault was premeditated and that he was killed by some one who knew he would have his month's salary in his pocket. They say they have no clew.

BROADWAY, EIGHTH & HILL STS.

Stronger and Stronger Every Day

Tuesday Beat Monday—Wednesday Still Better

Hamburger's

BROADWAY, EIGHTH & HILL STS.

First Annual Autumn Sale

Our First Annual Autumn Sale has started off with a boom. No wonder! It's the expected triumph of "Quality Prices." The figures quoted on a good many of our items may seem too low to deserve your interest. We ask you to come and convince yourself of the fact that our qualities and styles are thoroughly high-grade and strictly up-to-the-moment.

OUR FASHION MIRROR IS REFLECTING SAVINGS

50-inch All-wool Broadcloth \$1

Fifty pieces of this 50-inch material—so it will all go on Wednesday, and early in the day, too, at this price. It's really the equal of our regular \$1.50 sort. That means 50c saved on every yard. Fine lustrous—face and twill back; every thread pure wool. Not a color missing.

54-in. Black Dress Goods \$3

Two of the leading fabric makers much in demand for long coats and tailored suits—are these beautiful broadcloths and French Venetians. High luster finish that you'll like. Of pure woolen yarns. A grade positively matchless for less than \$4 to \$4.50 yd.

21-inch FANCY SILKS 69c

Every taste can be gratified from this assortment. The kinds suitable for Princess dresses and waists in stripes, plaids, checks and figures are here galore. Every wanted color and every weave. Many would ordinarily bring \$1.25—some \$1.50 a yard. It would be to your advantage to buy for next spring, as well as now, at this price.

A look into Hamburger's Fashion Mirror is like a peek into the depths of a fairy lake in "Wonderland." Indeed, a trip through our recently still more enlarged garment department with its French room and mirror salon, is much like viewing an exhibition of things wrought by the magician's wand. The blending of colors, the shading of tones, the draping of lines are as rich, as thoroughly good and harmonious as would-be garments called into existence by the wondrous touch of nymphs and fairies.

Dame Fashion has been unusually liberal this year, and does not confine her adherents to any one strongly predominating color in gowns, but is showing to her admiring followers costumes of tints borrowed from the rainbow—of colors lent by Dame Nature from her rich store of browns and greens—and of the opalescent shades of night which the world's highest color authorities have woven into textures of cloths and silk.

The fairy nature of these glorious gowns and costumes is still further carried out in the crystal bead, silver and gold, bugle, glistening jet, and similar trimmings, bands and nets introduced—and here again the master designer of dresses has been allowed a wide sweep by fashion authority. How well he has done his best we cordially invite you to judge.

We show very attractive gowns and costumes, all of them excellent value at their price, ranging from \$30 to \$250.

Beautiful Dresses \$60

Indeed, they ARE beautiful, in their long graceful lines, showing to perfection the pastel colored prunella cloth, exquisitely silk embroidered, with applique of silk braids in self color. There are also gowns of crepe de chine, crepe meteor, etc., in this class. The dainty net and lace yokes and sleeves, the touches of velvet here and there, the artistic jet and other trimmings, set off wonderfully well these prettily designed gowns. As to value, we feel quite certain that nowhere but here will you find such class and variety at this price.

Silk and Net Waists \$5.00

Great will be the enthusiasm at this sale Wednesday, for it covers a range of taffeta silk waists and net waists which SHOULD sell for one-half more. The silks are tailored in a dozen different styles, all colors and black. And the net waists are elaborately trimmed with heavy lace, medallions and insertions. White and maize color.

THE MOST FASTIDIOUS TASTE FINDS SATISFACTION HERE

OTHER STYLES IN WARM NEGLIGEE \$3.50 to \$25

Note These Two Big Items From the "QUALITY MILLINERY SHOP"

Hats For Suit and Dress Wear

We've worked and planned carefully and industriously to build up a "Quality Millinery Shop" that should stand at the head of all millinery stores in the city in reliability of styles, thoroughness of workmanship and lowest possible proportionate prices. We have won. Our millinery establishment is known to be such an institution. Come see the latest trimmed.

EXQUISITE PATTERN HATS AT \$19

Fifth Avenue milliners in New York, as well as our own expert designers, have been busy in creating these models of fashion. We would not be overvaluing one white in describing these as \$30 hats. You yourself will see the value when you see these magnificent picture hats, trimmed with ostrich feathers, plumes alone being worth more than \$19. Your choice of black, white or colors.

SMART, SNAPPY SUIT HATS, \$6.50

The medium and small pressed shapes are here and a lot of the latest in turbans included. Wide range of smart and stylish hats, executed in black and colors. A most special assortment as we have had in traction for Wednesday.
